

## WATERMAINS FOR SEARS PROPOSED

City Continues to Redeem Its Promises Made at the Time of Annexation.

WILL COVER BIG TERRITORY

Twentieth Street Paving Project Considered—Plan Eight-foot Boulevard.

The city of Rock Island continues to redeem its promises made at the time of annexation. At the weekly session of the city commission last evening, an ordinance providing for the installation of watermains covering practically all of the new territory, was considered. The estimated cost is \$12,139. This was one of the provisions of the union ordinance.

The mains are to be laid on Ninth street, from center line of Forty-fifth avenue to the intersection of Ninth and Twelfth streets; on Twelfth street, from center line of Forty-fifth avenue to the intersection of Ninth and Twelfth streets; on Fourteenth street, from a point 150 feet north of Forty-second avenue, south to the center line of Forty-fifth avenue; on Forty-fifth avenue, from Ninth to Fourteenth streets; and on Eleventh street from Forty-fourth avenue to the main to be constructed on Ninth street.

Big Paving Project.

Another big project taken up was the ordinance providing for the paving of Twentieth street from Seventh to Eighteenth avenues. The measure, carrying with it an estimated cost of \$10,077, was considered by a vote of four to one, Commissioner Martin voting no.

From Seventh to Ninth avenues, asphalt is the material which is to be used; from Ninth to Eleventh avenues, asphalt will be used, the curb will be set and a boulevard, eight feet wide, will be placed in the center of the street; from Eleventh to Seventeenth avenues, the street will be repaved with crushed brick blocks and the curb will be set; from Seventeenth to Eighteenth avenues, brick will be used but the present curb will not be reset.

An ordinance providing for the paving of Twenty-fourth street, from Fifth to Ninth avenues, was considered. Brick is the material to be used and the estimated cost is \$15,623.50. This project was brought up under the former administration but failed because of opposition.

More Sidewalks.

Improvement of the sidewalks is a large territory is planned under the provisions of an ordinance passed last evening. It provides for cement walks on the west and east side of Thirty-ninth, Fortieth, Forty-first and Forty-second avenues; on the east side of Thirty-eighth street, from Fourteenth to Eighteenth avenues; on the north and south side of Fifteenth avenue from Thirty-eighth to Forty-second

## Water-Sprite Bathing Suit

You'll Like This Suit Because:

It is made in ONE PIECE. Skirt can never become detached. Tendency to cling when wet is lessened.

It is easy to put on and easy to take off. No complicated fastenings or fastenings. Saves time dressing and undressing.

Provides absolute protection to and out of the water. Cannot become unfashioned anywhere. Cannot gap. Fits perfectly.

The only real improvement ever made in bathing suit design.

Materials are the best obtainable for the purpose. Workmanship is guaranteed. The WATER-SPRITE stands for comfort, safety and satisfaction in bathing apparel.

Wash with select trimmings of white, green or red. Sizes 16 to 44.

**Bathing Caps**  
Many styles in red, emerald and blue rubber caps. 49c to 75c.

**Bathing Slippers**  
White canvas slippers, a sure protection for the feet. 50c.

ROCK ISLAND

## TO DRAW NO JURY IN CIRCUIT COURT

Attorneys Meet With Judge W. T. Church and Civil Trial List is Dropped.

ONE CONTESTED CASE POSSIBLE

Divorce Hearing May Necessitate Calling of Special Jurors, But is Not Decided.

No trial list for civil cases was set by Judge W. T. Church in circuit court this morning when the attorneys met there to discuss whether or not there would be any jury cases during the coming two weeks. There seemed to be some of the attorneys who were very anxious to go to trial on any of the matters pending before the court.

There is a possibility that one contested divorce may be taken up during the coming two weeks, but this was not definitely decided upon. In case that it is brought to trial a venire will be picked up and a panel drawn.

The case is Peter Ghye vs. Emma Ghye, of East Moline, and the husband has brought suit on numerous charges. J. L. Haas represents the husband and the woman, who is contesting the bill, has retained the services of C. E. Dietz.

Old Water Bill.

The old water bill of Judge R. W. Olmsted which had been before the old council a number of times, was brought up again when Commissioner Martin read a letter from him, in which he requested that his notes be removed and that he be given the flat rate of \$14. It was referred to Commissioner Martin.

The Tri-City Federation of Labor asked for the use of Twenty-first street from the railroad tracks south to Fourth avenue, for a week beginning July 12 for a carnival, and the request was granted.

A petition was read from thirteen property owners asking that Eleventh street from Eighteenth to Twenty-first avenues, be widened and paved. The same was referred to the board of local improvements.

Mrs. Mary Huntley, 1008 Fourth street, in a letter to the council, asked that she be given \$150 as damages for injuries which she sustained when she stepped into a hole at the corner of Thirty-third street and Fifth avenue. The claim was allowed.

For the first time, the city commission voted money to the play ground work of the city and to the Young Men's association. Each was given \$100. H. M. Schriener, former mayor, was voted \$17.49 for expenses for work done at Springfield in connection with the four judges bill and the association matter.

A representative of the Iowa Valley company, Oklahoma, addressed the council explaining the merits of the hybrid which is manufactured by his concern.

To Women Who Overdo.

Thousands of American women in our homes are daily sacrificing their lives to duty. In order to keep the home neat and attractive, the children well dressed and tidy, women overdo, from a weakness or displacement is brought on and they suffer in silence, drifting along from bad to worse. For 40 years Lydia E. Pinkham's Vegetable Compound has proved a boon and a blessing to women in this condition, by restoring their systems to a normal healthy condition. Why don't you try it?—(Adv.)

## OWNER IN A MOVIE; BICYCLE IS STOLEN

Harley Reynolds, 4215 Eighth avenue, reported to the police this morning, that his bicycle had been stolen from in front of the Colonial theatre last night. Reynolds attended the movie show and when he came out the wheel was missing from the curb. The wheel is described as green in color without mud guards and a wire basket attached.

## HOFFMAN ATTENDS A MEETING AT ST. PAUL

Major George M. Hoffman of the U. S. engineers' office left last night for St. Paul to attend a river meeting, regarding government work to come up in the near future. So far this season little has been done by the engineers on the Mississippi in this vicinity on account of the high water. As soon as the river recedes the work will be taken up in earnest.

## COUNTY MARKET NOT BARRED IN MOLINE

Commissioner A. C. Stouffer of Moline says he has been misunderstood in his statement regarding the sale of surplus products from the county farm in that city. In an interview today Mr. Stouffer said:

"I have been criticised for having prohibited the sale of produce from the county farm. I do not know how this report became current, but I do know that it is erroneous. I have never discussed the matter with Mr. Wylie, superintendent of the poor farm; in fact, I have not seen him to talk to on the subject. I want him to bring his produce to Moline and offer it for sale at the city market. The fact that he will be able to undersell other farmers makes no difference to me. I have no authority to place the value on farm produce and I would be helpless in the matter if he chose to give his produce away. When Mr. Wylie's man came to me for the purpose of discussing the sale of foodstuffs from the county farm, I told him that the city market was the place to put the goods on sale and that I preferred the county make use of the place especially established for the purpose, rather than open another stand at Fourteenth street and Fifth avenue. I looked at the proposition from an economic point of view, and I had no intention of barring the sale of county farm products entirely. My reason for asking that the goods be placed on sale at the city market is

## ALLEGED CULPRIT WILL MAKE FIGHT

Man Arrested in Kansas City for Assault on East Moline Woman to Stand Trial.

Indications are that Christ Galanopolis will stand trial when he is arraigned in circuit court to plead, on a charge of assaulting an East Moline woman, with intent to commit murder.

Deputy Sheriff John Miller, who arrested him in Kansas City returned with Galanopolis Sunday morning and this morning the man was taken before Judge W. T. Church on a capias. He declared that he was not ready to plead and that he would first have to interview an attorney. He intimated that he would make a fight and wanted to get an attorney from Kansas City, but the court told him there was a large field of able attorneys here and that it would be cheaper for him to choose from among the local counsels.

He was remanded to the county jail. Chances are that he will not receive a hearing in the court until the September term, since the state's attorney plans to end the criminal work of this term with the culmination of the Le Rette case.

Galanopolis is alleged to have entered the home of Mrs. Sophia George, copolous on the morning of April 13, and to have struck her on the head with a brick, rendering her unconscious and then to have taken a butcher knife and slashed her body.

Le Rette Last Case.

Indications are at present that court will not adjourn for the vacation period until the latter part of July. The criminal work of the term will be concluded with the Le Rette case in all likelihood. Charles Carrington, colored, facing a charge of murder, has been given one hearing this term and the state's attorney feels that his second trial which was granted, can be laid over until the next term. Christ Galanopolis, facing the charge of assault with intent to commit murder on an East Moline woman has just been arrested and this case will also be laid over.

Further than hearing of motions during the month of July, with the possible exception of the contested divorce suit being tried before a jury, there will be but little before the court.

EVERS ORGANIZES A BASEBALL TEAM

A baseball team composed of boxers and trainers, who have been interested in the fight game, has been organized by Eddie Evers, the well known ballplayer and guest under the name of Henry Colts. The Colts opened the season last Monday with a double victory, defeating the Regulars, 10 to 5, and Lombard's Colts, 25 to 4. Both games were played at a diamond on Thirty-seventh street.

The team lines up as follows: Carl Peterson, c; Jack Cavanaugh, p; J. J. Pennessy, lb; Van Pinsky, 2b; Eddie Evers, captain, ss; George Scherer, 3b; Jack Findlay, lf; Charles Gordon, cf; and Elmer Evers, rf. Peanut Schieber plays at second base when he is in town, taking V. Findlay's place. Manager Evers has scheduled a game to be played with the Haaga Cardinals July 11 at Reservoir park.

Notice is hereby given that the partnership lately existing between Joseph Rosenfield and William J. Cox, under the firm name of Rosenfield & Cox, has on the 18th day of June, A. D. 1915, dissolved by mutual consent. The business of the firm will be continued by William J. Cox at the same address, who has assumed all debts of the above firm, and is hereby authorized to collect all outstanding accounts. (Adv.)

JOSEPH ROSENFELD.

## IF BACKACHE OR KIDNEYS BOTHER

Eat Less Meat Also Take Glass of Salts Before Eating Breakfast.

Uric acid in meat excites the kidneys, they become overworked; get sluggish, ache and feel like lumps of lead. The urine becomes cloudy; the bladder is irritated two or three times during the night. When the kidneys clog you must help them flush out the body's urinous waste or you'll be a real sick person shortly. At first you feel a dull misery in the kidney region, you suffer from backache, sick headache, dizziness, stomach gets sour, tongue coated and you feel rheumatic twinges when the weather is bad.

Eat less meat, drink lots of water; also get from any pharmacist four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast, for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia and has been used for generations to clean clogged kidneys and stimulate them to normal activity, also to neutralize the acids in urine, so it is no longer a source of irritation, thus ending bladder weakness.

Jad Salts is inexpensive, cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep the kidneys clean and active. Druggists here say they sell lots of Jad Salts to folks who believe in overcoming kidney trouble while it is only trouble. Harper House pharmacy.—(Adv.)

## INJUNCTION WRIT GRANTED VILLAGE

Court Allows Temporary Restraint of Emil Jennisch From Selling Liquors.

OWNER REPLIES TO PETITION

Denies He Sold Intoxicants at Place of Business in Milan or Tolerated Gambling.

A temporary injunction restraining Emil Jennisch and David Larson from selling intoxicating liquors at their place of business in Milan was issued this morning by Judge W. T. Church in circuit court, following a motion made for the writ by Clyde Walker, village counsel. Petition asking the writ was filed Saturday.

Mr. Walker said following the issuance of the order that the defendants could not seriously object, for to fight the proceedings would have been useless since they could not take any stand against the writ without showing opposition to the law.

When Mr. Walker made the motion, H. M. McCaskrin and B. A. Stewart, representing Jennisch and Larson, appeared and filed an answer to the bill, denying the allegations. They did not protest against the entry of the order granting the temporary injunction on the grounds that the defendants in no way would be affected since they were not violating the law at the present time.

May Be Made Permanent.

The order is for a temporary writ which may be made permanent at a final hearing at any time, should the attorneys for the village take it up. On the other hand attorneys for Jennisch and Larson may ask the dissolution of the injunction and take the matter to a final hearing.

Mr. Walker asserted following the session of court this morning, that Jennisch now could sell no intoxicants without being in contempt of court, and that the village has won its point. He asserted should it be found that liquors were sold at the place, that Jennisch could be brought into court and fined or imprisoned for contempt of the court, in refusing to adhere to the injunction granted.

File An Answer.

In answer to the bill, the defendants admitted the possession of the property described in the petition but denied that since the 23rd day of April, 1914, to the present time that any intoxicating drinks were sold in the place. They further answered that they did not encourage the congregation of lewd and dissolute men and they were not responsible for any fights, brawls, or disturbances as alleged in the bill. They claimed that they conducted their place wholly in conformance with the law.

They admit that a government license was issued to them on July 1, 1914, to sell beverages containing alcohol but state that the United States government makes it necessary to obtain license in order to sell beverages containing 1/2 per cent alcohol while beer contains two per cent. They deny selling drinks containing two per cent or more of alcohol.

They deny that card or other games of chance were in progress at any time in their place of business.

WORK TO CLEAN OUT CLEAR WATER BASIN

The work of cleaning the clear waterbasin at the reservoir is progressing nicely, according to Commissioner John Murrin, who is in charge of the job. All of the water to the sewer line has been run out and the remaining water will have to be pumped out. The pump for this purpose is being placed today. There is an excellent cement floor in the basin and after the water has been pumped out the actual work of washing it will not take long. This is the first time this basin has been cleaned in six years.

The wrecking of the sheds just north of the pumping station of the waterworks at the foot of Twenty-fourth street, was started yesterday morning as planned. Commissioner Murrin is waiting to hear from the incinerator people before he goes ahead with this work. More than forty men were at the waterworks yesterday morning looking for work.

POLICE NEWS

Frank Eggert, a carpenter, who reported to the police yesterday that seven saws had been stolen from a tool kit in a house in the course of construction at Twentieth street and Eighth avenue, later in the day again reported more tools missing, including one rip saw, five Henry Diston's saws, a pair of dividers, hand ax, expansion bit and wood chisel. The tool kit had been left in the vacant house for several days.

A vicious dog owned by Henry Minnie, which bit a Davenport woman last week, was killed by an officer yesterday.

Fred Naab, Twelfth street and Seventh avenue, was arrested last evening by Officer McCarthy on a disorderly charge preferred by William J. Slagle. Naab was dismissed in police court and the costs of the case placed upon the complainant.

Mike Dowd, arrested last night by Officer Berry for being drunk and disorderly, was released on payment of costs.
